

Designer Marketing Embroidery Style Layout Sheet

Select the Layout Style and then your Font Style – The Layout Styles can be embroidered in any style font. You can select lettering alone or you can add the lettering to a Stock or Custom Design.

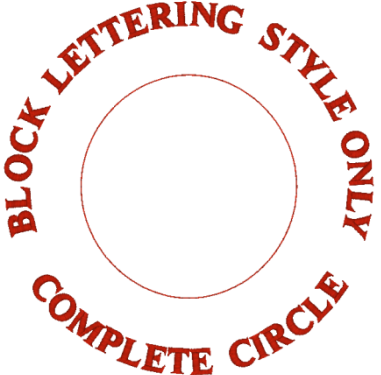

The Size of the finished design will depend on the location of the design. The **left chest sized design** is usually 3-4 inches wide. A cap design will be 3-5 inches wide- it can only be 2 inches high for most caps.

A **Full Back Sized design** is about 10-11 inches high or wide. There are special considerations for designs larger than 11 inches. Additional charge applies to all for Jacket Back designs. Additional price will be added at time of design selection.

Select a Stock Design from one of our Stock Design Sheets

Email us your Custom Design and we will get back to you with a price for digitizing the Custom Design. There will be no additional charge for the embroidery **except for jacket back designs or an additional design name or number in another location.** Embroidery in one location is included in the price of the garment.

In the pictures below it shows one line of block and one line of script. Both lines of the design will have the same font style of whichever font style you choose. The actual size of the lettering will depend on however many letters you have in your line of words. **You will be sent a proof for your approval before the embroidery process takes place.**

		
LS1-Single Line Straight Design can be inserted above or below line of lettering Select Any Block or Script Font	LS2-Single Line Arc Design can be inserted below line of lettering Select Any Block or Script Font	LS3-1st Line Arc-2nd Line Straight-Design can be inserted between lines Select Any Block or Script Font
